An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mike Dehaemer on 26 December 2006.

The application has been amended as follows: In claim 1, line 8, "through" has been changed to --between the inlet and the outlet by blocking--;

In claim 19, line 10, after "thereby", --completely--has been inserted.

The claims as changed above define over newly discovered art to Leon, which is a similar valve, but having some fluid bypass the valve.
